Address: 622 Axtell Rd., Maryland, NY 12116

Phone:

Note: All work must conform to NYS Building Codes. Contractor is responsible for obtaining **Building Permits** from the County or other jurisdiction. Permits must be on the job site prior to the start of work. Work items identified as Lead Based Paint Hazards must be corrected using HUD LBP Safe Work Practices. LBP Clearance testing will be done at the conclusion of work at all units with LBP hazards.

Please submit a proposal for a new metal roof. The homeowner has an attached garage roof that already has a metal roof, and she would like the house to match. A visual inspection shows a significant amount of shingle deterioration. There are areas of fascia/soffit that may need to be replaced too. Make sure proper ventilation is maintained, and include the cost of possible extras that might alter the original proposal.

Please include in your proposal the cost of snow breaks if in your professional opinion they are warranted.
