**Note:** All work must conform to NYS Building Codes. Contractor is responsible for obtaining Building Permits from the County or other jurisdiction. Permits must be on the job site prior to the start of work. Work items identified as Lead Based Paint Hazards must be corrected using HUD LBP Safe Work Practices. LBP Clearance testing will be done at the conclusion of work at all units with LBP hazards.

**Roof:** Evaluate roof and provide an estimate for a new metal roof on both the home and garage. Install all necessary sheathing, drip edge on all eaves, rake edge metal over trim, roof ridge vent/cap, valleys and flashing around any roof protrusions. Please provide any additional pertinent information regarding this install. Clean up and remove all debris. **Please include relevant details regarding the material you propose to install.**
